Wayne and Carolyn-

Sorry I was on vacation last week and am travelling back today.

I think it would be best to postpone the ST012 call since there is a management call this Friday.

AmecFW has prepared slides similar to September's. If the SVE data does not come in today, we may not have that information in the slides until later.

Would it be acceptable to have the 10 am call on the other sites only, not have a 1 pm call, and send out the ST012 slides to all ST012 participants? Thank you.

Cathy

Just attempting to verify that ST012 BCT call (1PM AZ time) is postponed until after the Dispute Resolution Committee leaders conf. call Fri., Oct. 19, 2017 (USAF [PMook], ADEQ [LMalone], and EPA [EManzanilla]).

Per the USAF request (PMook letter) for a DRC only call. Friday is the second day of a joint EPA/ADEQ Management meeting. The latest agenda I received indicates WAFB subject discussion was moved to "Executive Management only" time.
